OTHER:

I grew up on the Sacramento River in N. Calif. After graduating high school, we moved to the foothills of Northern California where I met and married my wife of 43 years Pamela. We had 2 children and in 1983 made the move to Soldotna where we raised our kids, besides working in the oil field we started, and ran a successful fishing business for over 30 years.

STATEMENT:

As a representative my interests have been focused on our education system. I am also working with others on getting our budget to a sustainable level and following the law when it comes to paying out the permanent fund dividend. This session I will be working on legislation that will help our senior citizens and will also be working on medical reform, putting medical choice back in the hands of the people. As just one of 60 I will work with others to pass only legislation that will benefit all residents of Alaska, young and old. I do not think we need more taxes, we need to optimize the funding we receive. We need to do what we can to help our military veterans, our homeless and our future generations and I will support any legislation that will do this.
